

Little book of forklifts

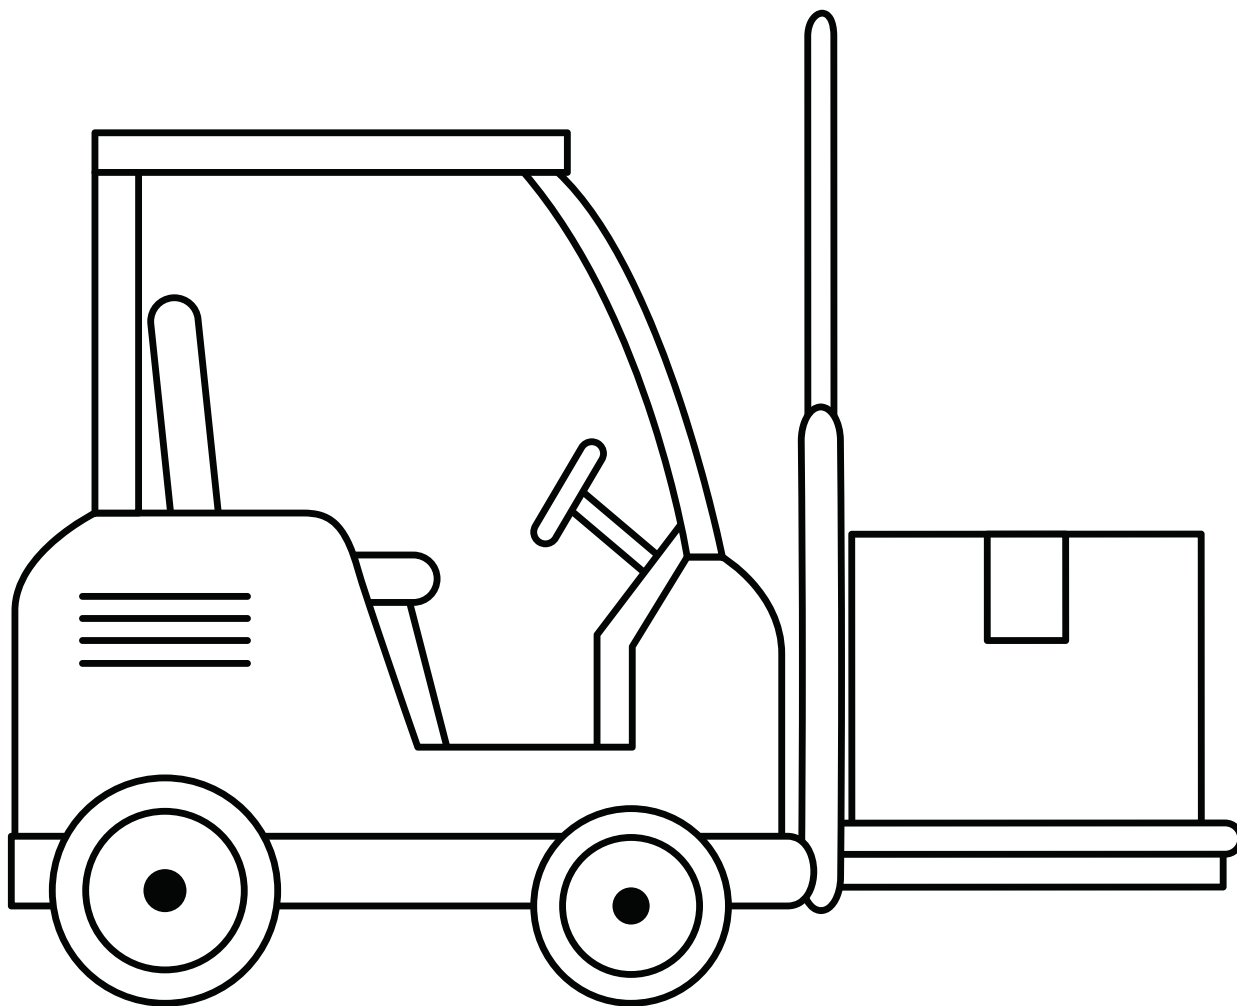

AN ACTIVITY BOOKLET BY FORKLIFTACTION.COM

Decorate your forklift for safety

To avoid accidents on a worksite, it's important that forklifts and people are always aware of each other and stay a safe distance apart on a worksite.

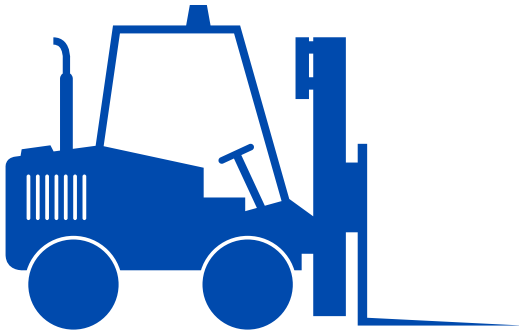

Can you decorate this forklift so that it stands out?

Signs, sensors, warning sounds and lights all help alert people on a worksite when a forklift is near.

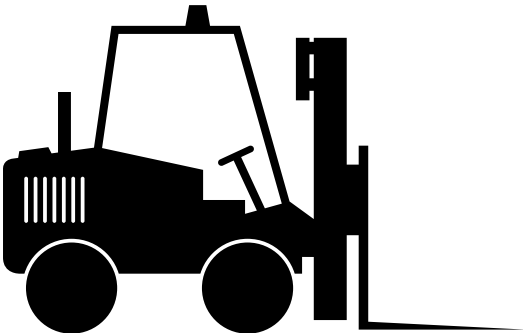

Which forklift is the same?

The maker of this forklift (the manufacturer) has made some mistakes. Only one of the black forklifts below matches the blue design exactly.

Circle the correct answer (A,B,C or D).

Count and colour the equipment

Forklifts and other equipment used for moving materials come in all shapes and sizes. They work on many different worksites including warehouses, farms, ports, building sites, timber yards and more.

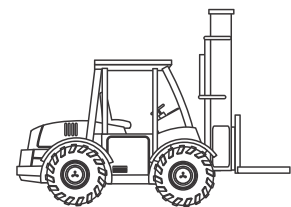

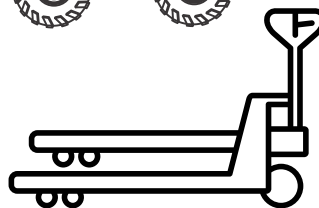

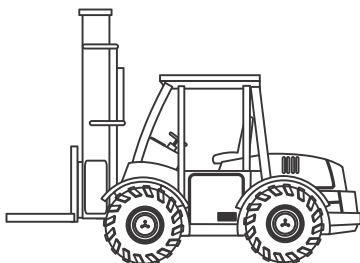

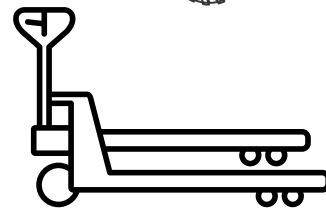

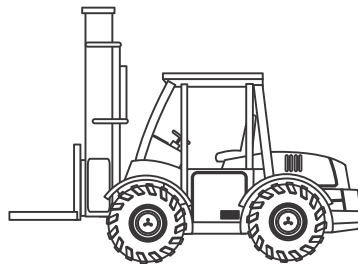

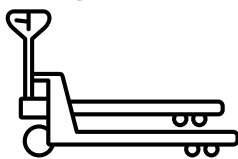

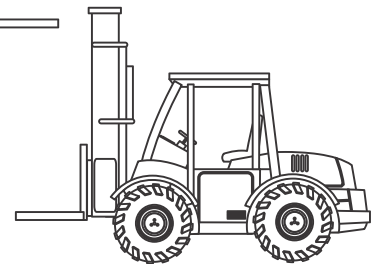

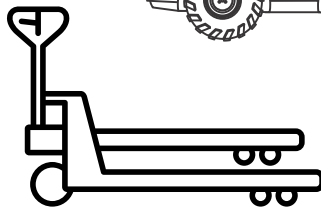

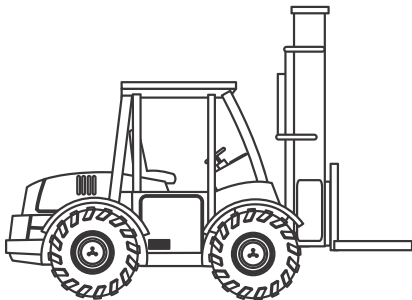

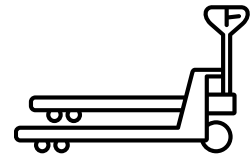

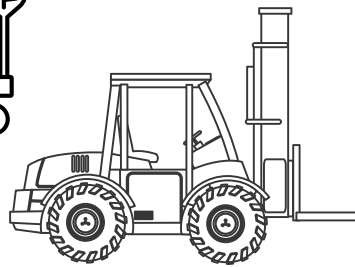

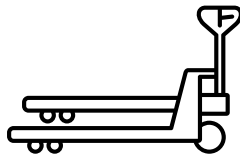

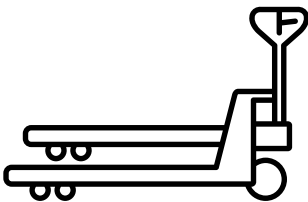

Colour all the pallet movers below orange and the forklifts blue.

Draw what's in the box

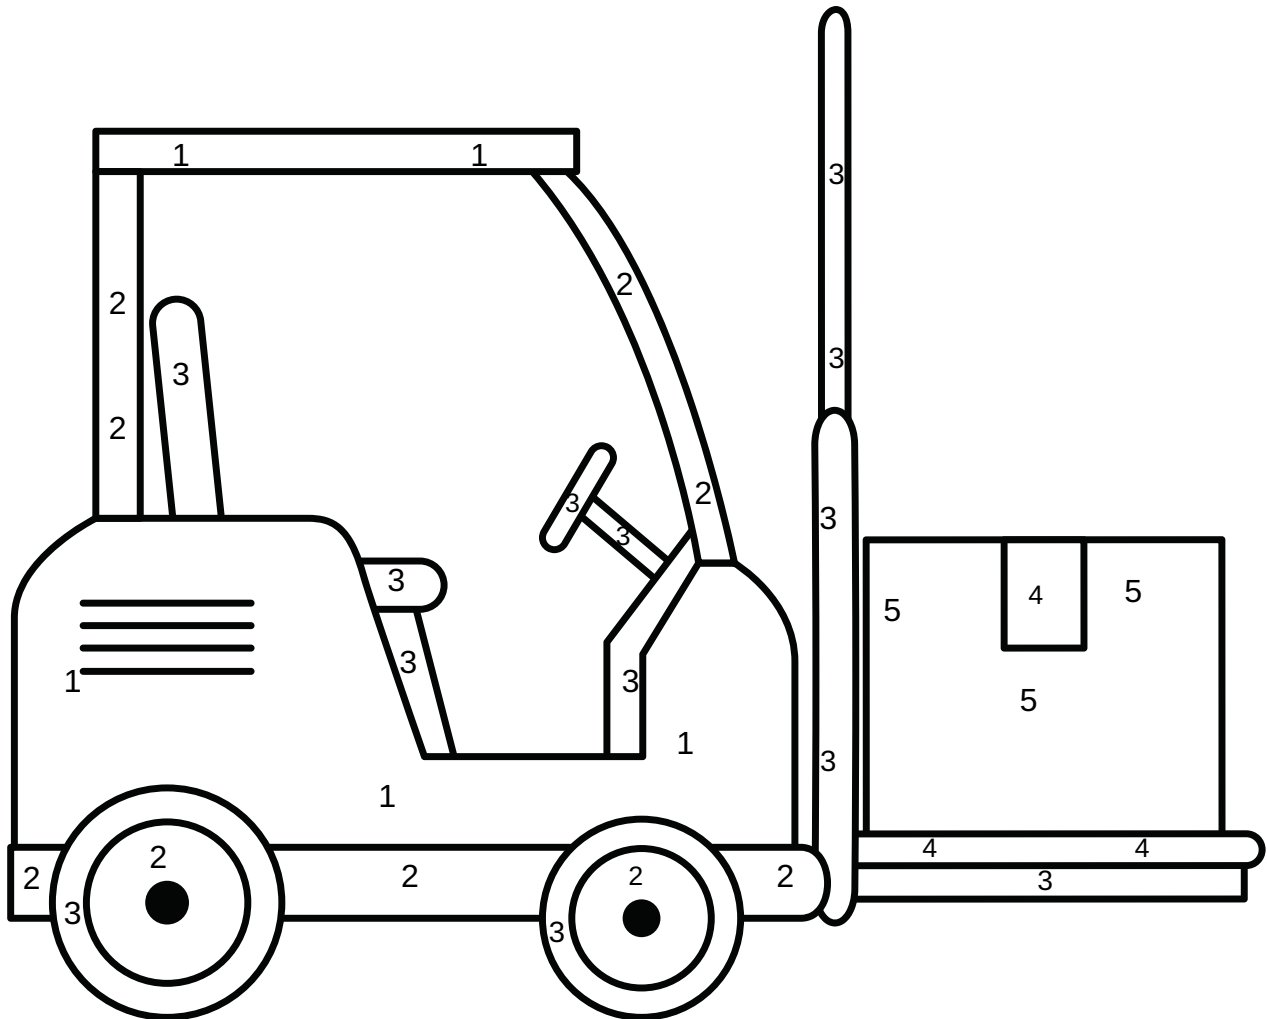

Next time something is delivered to your house remember that at some point it has probably been handled by a forklift.

Draw a picture in the empty box below of something you would like to receive for your next delivery.

Colour the forklift by numbers

This forklift is all ready to be delivered to its new owner. The only thing left to do is to give it a paint job. Can you make it the correct colours by using the numbers below?

1= Red

2= Grey

3= Black

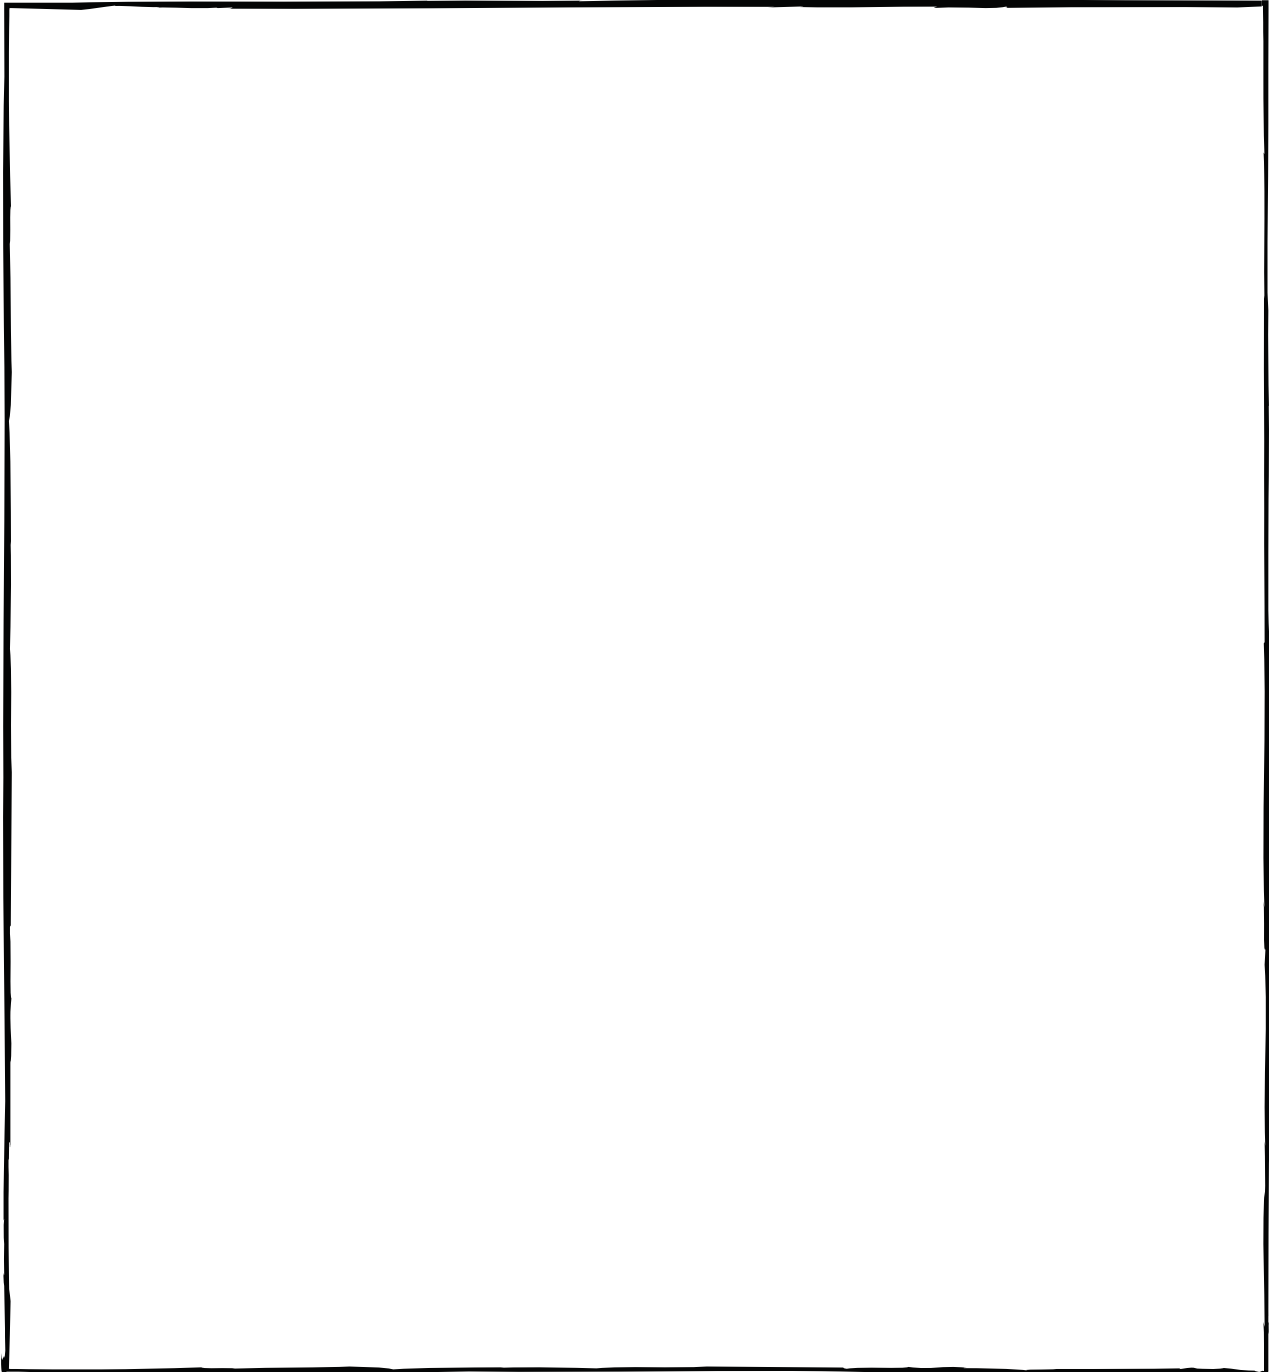

4= Yellow

5= Brown

Design your own forklift

Design your own forklift. Where would it be used and what would it be used for? Perhaps you would like a forklift to help build a new playground at your school or one to help unload the groceries from the car at your house.

Draw the forklift below and label its special features:

We'd love to see your creation! Ask mum or dad to take a photo of your forklift and email it to ktm@forkliftaction.com, or show us via LinkedIn or Twitter by posting it with the hashtag [#KitchenTableMingle](https://twitter.com/hashtag/KitchenTableMingle).
